Workforce Solutions

Our results-driven Accounting and Finance Recruiting Team maintains trusting relationships with top decision makers across all industries. With a proven track record of proactive talent management and client service, we are able to provide value at every step of the way to help our customers meet their resourcing demands.

Talent Acquisition

We understand the unique needs of accounting & finance professionals and organizations. In fact, we were founded by public/private CPAs with broad industry backgrounds. We use our extensive, hands-on knowledge of the industry to help us bring insights and personal connections only available from a true expert.

Recruitment Philosophy

Our candidates are fundamental to the way we do business. From top-level executives to staff accountants, we represent those passive candidates who can only be found through target recruiting and direct sourcing. We meet with every candidate in person and our thorough screening process enables us to proactively match our candidates to the opportunity that provides the professional fulfillment they've been looking for.
